MOUNTAIN KILIMANJARO DAY TRIP (\$180-350)

Information

Take a day trip to mighty Mount Kilimanjaro on a guided journey to one of Tanzania's most majestic sights. Follow your experienced guide up to Mandara Hut and enjoy the views from 2,700 meters above sea level. You will be picked up from your hotel and driven to the national park to meet your guide. At Marangu Gate your guide will give you a brief introduction before you enter the park. You will spend the rest of the morning trekking through the rainforest, giving ample opportunity to see monkeys and exotic birds. After 3 or 4 hours of trekking you will reach Mandara Hut for a well-earned rest and lunch. Take the time to learn more about the park and the wildlife from your guide as you enjoy sandwiches, fruit, groundnuts, and juice. Following lunch, your guide will take you to the Maundi Crater, from where you can enjoy views of Mount Kilimanjaro, Northern Tanzania, and Kenya. From there you will take a leisurely 2-hour walk back down to Marangu Gate, where your transport will be waiting to return you to your hotel.

*This trip can be combined with other vacation packages
